

Learning Management System

The Edcomm Group offers the most robust, fully-featured LMS in the industry. Featuring a personalized, clean and easy-to-use design, along with a secure, dedicated portal with 24/7 access – our LMS supports industry-standard eLearning formats: SCORM 1.2, 2004 and is AICC compliant. The Edcomm Group's LMS ensures bottom-line results by offering a centralized solution for managing all training initiatives within your organization.

Following are the core features and functions that set us apart:

Student enrollment and assignments.

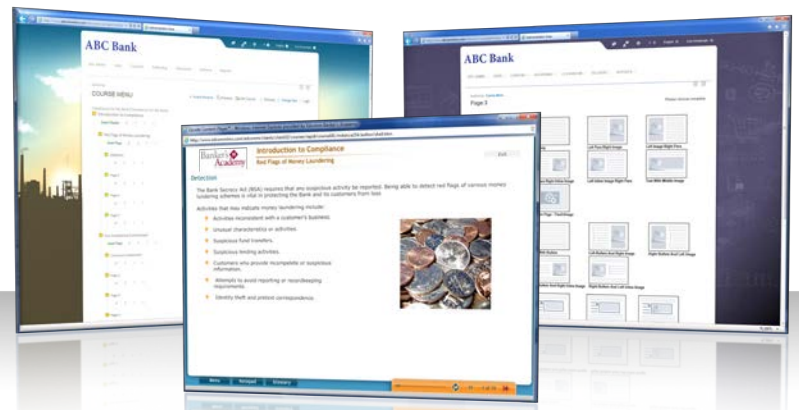

- The most flexible administration to create automated rules for assigning curriculums based on various criteria such as, role, job title, location, department and branch.
- Role-based system access.
- Workflow based assignments.
- Automated student enrollments and access levels.
- Ability to schedule automated data feed from HR systems, available as an option.

Course Authoring Tool.

- Creation of customized e-Learning courses, assessments, assignments, etc.
- Interactive screens and roll-overs.
- Add graphics, pictures, charts, etc.
- Video Uploads
- Addition of voice-over and sound files.

If you would like to train your staff to be more effective and efficient while utilizing an industry-leading LMS, call 888.433.2666 or +1.215.542.6900 to speak to a Edcomm representative today!
